

Edge Simulcast Clerking for ASI Auctions

The login screen must be filled out completely in order for the clerk screen to work properly. This login screen connects the simulcast to the auction system for sales to be recorded and Bills of Sale printed.

[Continue without single clerk](#)

Fields marked **RED** are required.

If not filled in, clerk screen will error out when selecting or selling units.

NOTE: The button 'Continue without single clerk' allows an auction to clerk in-lane and online without recording those sales in the auction system. All activity is recorded in Velocicast for later manual entry into the auction system.

Clerk Fish Bids (also known as Asking Mode)

2. The “Fish Pond”: Use this section to fish for bids with the auctioneer (fishing not required).

When fishing for bids, it is recommended NOT to use the mouse.

Instead, use the keyboard space bar and 10-key pad to type the next fish amount.

Once you get a live bid, either stay on the keyboard by using the 10-key +/-

OR move to the mouse and click the big white button.

Clicking the big white button will change it yellow – that means the bids are now live.

1. Start/Stop Event:
the clerk MUST click
on this Start Event
button to activate
the sale. When
event is started,
button will say Stop
Event.
Clerk MUST Stop
Event after the sale.

Item List:
 #0301 - 2007 Ford F150 4WD Gas Supercrew 4WD XLT 5.4L
 #0311 - 2012 Chevrolet G2500 Vans Flex Cargo Van Express
 #0318 - 2006 Chevrolet Silverado 2500 4WD Gas Ext Cab 4WD 4D LT 6.0L
 #0320 - 2004 Dodge Ram 2500 V8 Quad Cab SLT 5.7L
 #0325 - 2009 Ford Explorer 4WD V6 4D SUV 4WD XLT 4.0L

3. Live Bid Button:
When the auctioneer
gets LIVE money
from the floor, click
this big white button
to change bid from
Asking mode to Live
mode. An online bid
will automatically
change the mode.

Continue to clerk live
bids.

Clerk Live Bids (also known as Live Mode)

4. Once in Live Mode proceed with clerking until the car is sold, a no sale, or put on offer (IF). Keep the mouse hovered over the big yellow button (or use the +/- on the 10-key pad) and keep pace with the auctioneer.
NOTE: The price the auctioneer is calling is the price that should show on the big yellow button.

5. Sale Action buttons:

Undo – undoes the action of the last button clicked

Floor override – awards the bid to the floor in the case of a tie

No Sale – Marks the vehicle as a no-sale

Sell – Marks the vehicle as sold, badge # entry required if floor bidder

Offer – Puts the vehicle on IF. badge # entry required if floor bidder

6. Reset: ONLY use for re-runs or testing. Clicking this button will reset everything in the Bid History list.

7. Bid Increments: Use these to change the bid step amount along with the auctioneer. This will reset to \$100 for each new vehicle.

10. Vehicle info: If needed/allowed, clerk can change lights or click the blue pencil icon to change announcements, etc.

8. Run list/nav buttons: double-click on any line item to make it the one to clerk on the screen, OR type the car Run #, OR use the < > buttons to go back one car or forward one car.

9. Online chat: attendees can send clerk chat messages, clerk can click on name to respond.

The screenshot displays the Auction Edge Live Mode interface. At the top, it shows the vehicle details for a 2007 Ford F150 4WD Gas Supercrew 4WD XLT 5.4L, including VIN, color, miles, seller, and title. The main area features a bid ladder with various bid amounts and a large yellow 'FLOOR' button showing the current bid of \$24,300. To the right of the bid ladder are buttons for 'UNDO', 'FLOOR OVERRIDE', 'NO SALE', 'SELL', and 'OFFER'. A 'RESET' button is also visible. Below the bid ladder, there are buttons for 'Current Bid' and 'FLOOR'. On the left side, there is a 'Stop Event' button and a chat window. At the bottom, there is a 'Run #' button and a list of vehicles with their run numbers and descriptions.

If an online buyer submits a bid, it will automatically be accepted by the system and their bid will appear in the Current Bid box. Their badge # and name will also be displayed.

If the vehicle is to be sold to them, click Sell or Offer to proceed to the next screen.

Online buyer wins vehicle (or wins offer)

Depending on the configuration, the clerk may have to click the Confirm Online button to finalize the sale or offer.

If the button is not there, the vehicle will automatically sell (or sell on offer) to the online buyer.

The buyer's name, dealership, and badge number is display in green.

The screenshot displays the VELOCITYCAST interface for the San Antonio Auto Auction - Lane A. The main section shows a successful offer for a 2007 BMW 3-Series 2D Coupe 328i (VIN: WBAWB33507P130856). The offer is for \$7,500, made by HAN NGUYEN (Dealer: AUTOS ONLY INC) with badge number 0304. The interface includes a 'SUCCESS' status, a 'Confirm Online' button, and an 'UNDO' button. The bottom section shows a list of items for sale, including a 2007 Nissan Murano, a 2006 Mazda Mazda3, a 1995 Honda Accord, and a 2014 Subaru Forester.

Pre-Bid Information

Buyer's pre-bids (proxy bids) will appear in the pre-bid box. The number in the box represents how many buyers have put a pre-bid on the vehicle. All pre-bidders high bid amounts are hidden until after the sale to maintain buyer privacy. The pre-bids will automatically bid for the buyer up to their high bid, unless opposing bids have dried up and the sale goes to the pre-bidder for less than their highest bid.

IMPORTANT NOTE: if a *major* change occurs on the block (ex: salvage announcement added, green light changes to red, etc) the clerk **MUST** delete all pre-bids to protect the buyer(s) from a vehicle that is not what they initially bid on. Click on the white X to begin the deletion.
